

WETCELL

In combination with foldable containers CN10/CN20 by Continest (Hungary)

- CN10 and CN 20 units are foldable containers, to be used for all kind of purposes: storage, offices, temporary housing, production, bedrooms, dressing rooms, and many more;
- Can be combined with WETCELLS. A WETCELL contains a regular flush toilet, sink and shower, in order to create a bedroom or dressing room with a bathroom on suite;
- Extremely sustainable on transport: 24x CN10 units or 12x CN20 units or 10x WETCELL on 1 truck, or combinations of this;
- WETCELL: 135 x 244 x 260 cm;
- Options: solar panels, AC, ventilation, ballistic panelling;
- Fields of operation, also count for the sanitation equipment in general of course):
- Events, festivals, sport events, office spaces, bedrooms, crew sites, backstage units, dressing rooms, storage facilities, (glamping) campsites, mobile hotel rooms with a bathroom on suite, refugee camps, military bases, temporary housing, even a safe room;
- In short every temporary mobile housing or sanitation solution.
